Copy of Glyphosate cancer lit review file\_5.25.16 blank rows removed.xlsx

Monique,

We installed an add-in in excel to remove the blank rows (because it would have taken too long to remove them manually). This is the version with blank rows removed—check to make sure that it looks right. Let me know if you need anything else.

Thanks,

Hi Khue,

Attached is the spreadsheet we discussed yesterday that we need someone to help clean-up by removing the blank rows between each entry. Once that's done, it can be sent back to me.

Thanks!

Monique
